KEIR SURGICAL DONATES MEDICAL INSTRUMENTS TO IVORY COAST

Vancouver, BC November 1, 2016 – Keir Surgical Ltd., Canada’s premier surgical products company specializing in surgical instruments and sterilization products, is pleased to support the international community with a donation of general and gynecological medical instruments to Cause Humanitaire Cote d’Ivoire (CHCI).

CHCI is a registered non-governmental organization (NGO) founded in 2003 in response to the ongoing economic and political turmoil that has affected the people of Ivory Coast since 2002. CHCI’s main objectives are to provide emergency humanitarian assistance, improve access to health, mitigate malaria and other pandemics, and reduce gender violence and child malnutrition.

“We are proud to partner with CHCI in responding to the needs of the people of Ivory Coast”, states Patrick Haney, President of Keir Surgical. “It is our hope that these medical instruments will facilitate treatment of basic and potentially life-saving medical procedures. Keir has a long history of supporting and encouraging community service and philanthropy, through initiatives like this and our internal “Keir Cares” employee donation-matching program.”

“We are grateful for Keir Surgical’s support, which allows us to supply clinics throughout the country with vital medical equipment that will improve the lives of many disadvantaged people”, states Martine Boulanger, a Canadian representative for CHCI.

About Keir Surgical Ltd.

Keir Surgical Ltd. is a Canadian owned and operated surgical products company dedicated to providing its customers with quality products and service. For over 90 years, Keir Surgical has been supplying Canadian hospitals with high-quality surgical instruments, headlights and light sources, sterilization containers and trays, and sterile processing supplies.
